B. Resolution 2019-1124 Declaring City of Aztec a Second Amendment Preservation City

Mayor Snover opened the item up for discussion. He mentioned that there has been an amendment to the resolution.

Commissioner Sipe explained that after conversations with legal counsel the resolution has been amended because of concerns in wording by legal counsel.

Commissioner Randall mentioned that he had an issue with the fact that a version went out in the packet and web and this is what the citizen's saw and then today he is handed an amended version of the resolution. He mentioned that he would still like to move ahead with the resolution that was presented to everyone in the agenda packet.

City Attorney Nicci Unsicker explained that in the original resolution there are concerns that would open the City up to liability so the amended version is to help reduce the liability and still have the voices heard.

Mayor Snover explained several Cities have received a letter from the Attorney General's Office warning them of the language in the resolutions that have been passed. He stated that every Commissioner supports the Second Amendment and they all swore an oath, but they don't want to get the City in a situation from a legal standpoint.

Commissioner Sipe mentioned that over and over in the Community forums she heard that the citizens wanted the Commission to support the Second Amendment and this new resolution basically states that.

Mayor Snover read the amended resolution.

The audience started to become unruly and they Mayor gave them several warnings to settle down or the meeting would end.
