A sole source **determination** is not effective until the **sole source request for determination** has been posted for thirty (30) calendar days without challenge, and subsequently approved in writing by the Purchasing Agent or, for Professional Services Agreements, the Finance Director. Sole Source purchases are defined as clearly and legitimately limited to a single supplier. Sole source purchases are normally not allowed except when based upon strong technological grounds such as operational compatibility with existing equipment and related parts or upon a clearly unique and cost effective feature requirement. The use of sole source purchases shall be limited only to those specific instances, which are totally justified to satisfy compatibility or technical performance needs.

STATEMENT OF NEED

My department's recommendation for sole source is based upon an objective review of the product/service required and appears to be in the best interest of the City. I know of no conflict of interest on my part or personal involvement in any way with this request. No gratuities, favors or compromising action have taken place. Neither has my personal familiarity with particular brands, types of equipment, materials or firms been a deciding influence on my request to sole source this purchase when there are other known suppliers to exist.

Refer to the attached sole source justifications as prepared by our department, to the attached review of available products/services and to my completed Purchase Requisition.

Irrigation system installed at Hidden Valley Golf Course is a TORO system. This is a proprietary system which cannot be controlled by another irrigation system manufacturer. During the initial two year lease for the operations of the golf course, it is unreasonable to replace the entire irrigation system.
